

### **Amendments to the Claims**

This listing of claims will replace all prior versions, and listings, of claims in the application:

#### **Listing of Claims:**

Claim 1 (currently amended): A gaming device controlled by a processor, said gaming device comprising:

a plurality of reels, each of said reels including a plurality of symbol positions;

a plurality of symbols at the plurality of symbol positions on said reels, said plurality of symbols including a plurality of first symbols, wherein at least two of the first symbols are different, and at least one replicator symbol, wherein said at least one replicator symbol includes at least two of the same symbols at a single symbol position on the reels wherein each of said same symbols of said at least one replicator symbol functions as an individual symbol;

at least one predetermined winning symbol combination of the including at least one of said plurality of first symbols, wherein said predetermined winning symbol combination occurs in of first symbols is associated with a predetermined number of symbol positions and, wherein said predetermined winning combination of first symbols is associated with a first outcome adapted to be provided to a player; and

at least one additional winning symbol combination of symbols including , wherein said additional winning combination of symbols includes at least one replicator symbol and at least one of the said plurality of first symbols, wherein said additional winning symbol combination of symbols is also associated with the said first outcome and occurs in is associated with fewer symbol positions than said predetermined number of symbol positions; and

said processor programmed to:

(a) activate the reels to generate a plurality of the symbols at said plurality of symbol positions on said reels;

(b) determine if either of said predetermined winning symbol combination or said additional winning symbol combination is generated on the reels; and  
(c) provide said first outcome to the player if either of said predetermined winning symbol combination or said additional winning symbol combination is generated on the reels.

Claim 2 (canceled).

Claim 3 (original): The gaming device of Claim 1, which includes a payline associated with the reels.

Claim 4 (currently amended): The gaming device of Claim 3, wherein the symbol positions associated with both of the winning symbol combinations are on the payline.

Claim 5 (original): The gaming device of Claim 1, which includes a plurality of paylines associated with the reels.

Claim 6 (previously presented): The gaming device of Claim 5, wherein the winning symbol combinations occur at a plurality of the symbol positions on the paylines.

Claim 7 (previously presented): The gaming device of Claim 1, wherein the winning symbol combinations are determined by at least one of: a random determination, a pre-determination and a determination based on a wager made by the player.

Claim 8 (original): The gaming device of Claim 1, wherein the symbols include at least one bonus symbol.

Claim 9 (original): The gaming device of Claim 8, which includes at least one bonus outcome provided to the player when a winning symbol combination including said bonus symbol occurs on the reels.

Claim 10 (original): The gaming device of Claim 9, wherein the bonus outcome includes at least one modifier.

Claim 11 (original): The gaming device of Claim 10, wherein the modifier includes a multiplier.

Claim 12 (currently amended): A gaming device comprising:

a plurality of reels including a plurality of symbol positions;

a plurality of symbols at the plurality of symbol positions on said reels, said plurality of symbols including a plurality of first symbols, wherein at least two of the first symbols are different and at least one replicator symbol, wherein said at least one replicator symbol includes at least two identical symbols at a single symbol position on the reels wherein each of said ~~same-identical~~ symbols of said at least one replicator symbol functions as an individual symbol;

at least one predetermined winning symbol combination ~~of the including at least one of said plurality of~~ first symbols, wherein said predetermined winning symbol combination ~~occurs in of first symbols is associated with~~ a predetermined number of symbol positions and, ~~wherein said predetermined winning combination of first symbols is associated with an first outcome award~~ adapted to be provided to a player; and

at least one additional winning symbol combination ~~of symbols including~~, ~~wherein said additional winning combination of symbols includes~~ at least one replicator symbol and at least one of the ~~said plurality of~~ first symbols, wherein said additional winning symbol combination ~~of symbols~~ is also associated with ~~the said first outcome award and occurs in~~ is associated with fewer symbol positions than said predetermined number of symbol positions; and

a processor ~~operable~~ programmed to:

(a) activate the reels, to indicate generate a plurality of the symbols at ~~the said plurality of~~ symbol positions on ~~the said~~ reels and

(b) provide ~~said the first outcome award~~ to the player if:

(i) when said one of the predetermined winning symbol combination occurs is generated on the reels or

(ii) said additional winning symbol combination is generated on the reels.

Claim 13 (canceled).

Claim 14 (original): The gaming device of Claim 12, which includes a payline associated with the reels.

Claim 15 (currently amended): The gaming device of Claim 14, wherein the symbol positions associated with both of the winning symbol combinations are on the payline.

Claim 16 (original): The gaming device of Claim 12, which includes a plurality of paylines associated with the reels.

Claim 17 (previously presented): The gaming device of Claim 16, wherein the winning symbol combinations occur at a plurality of the symbol positions on the paylines.

Claim 18 (previously presented): The gaming device of Claim 12, wherein the winning symbol combinations are determined by at least one of: a random determination, a pre-determination and a determination based on a wager made by the player.

Claim 19 (original): The gaming device of Claim 12, wherein the symbols include at least one bonus symbol.

Claim 20 (original): The gaming device of Claim 19, which includes at least one bonus outcome provided to the player when a designated symbol combination including said bonus symbol occurs on the reels.

Claim 21 (original): The gaming device of Claim 20, wherein the bonus outcome includes at least one modifier.

Claim 22 (original): The gaming device of Claim 21, wherein the modifier includes a multiplier.

Claim 23 (currently amended): A method of operating a gaming device having a game operable upon a wager, the method comprising:

(a) activating a plurality of reels including a plurality of symbol positions to generate a plurality of symbols at said plurality of symbol positions on said reels, wherein said plurality of symbols includes a plurality of first symbols, wherein at least two of the first symbols are different; said symbols including and at least one replicator symbol, wherein the replicator symbol displays/includes at least two of the same symbols at a single symbol position on the reels and wherein each of said same symbols of said at least one replicator symbol functions as an individual symbol; and

~~(b) indicating the plurality of symbols at the symbol positions on the reels;~~

(eb) providing a first outcome to a player if:

~~(i) at least one a predetermined winning symbol combination of the first symbols is indicated/generated~~ on the reels, wherein said predetermined winning symbol combination ~~of first symbols includes at least one of said plurality of first symbols and occurs in~~ is associated with a predetermined number of symbol positions; ~~wherein said predetermined winning combination of first symbols is associated with a first outcome adapted to be provided to a player; and or~~

~~(d)(ii) providing said first outcome to the player if at least one an additional winning symbol combination of symbols is indicated/generated~~ on the reels, wherein said additional winning symbol combination of symbols includes at least one replicator symbol and at least one of the said plurality of first symbols; ~~wherein said additional winning combination of symbols is associated with the first outcome and is associated with occurs in~~ fewer symbol positions than said predetermined number of symbol positions.

Claim 24 (canceled).

Claim 25 (previously presented): The method of Claim 23, wherein the step of providing the first outcome to the player includes providing the first outcome when either of the predetermined winning symbol combinations occur on a payline associated with the reels.

Claim 26 (previously presented): The method of Claim 23, wherein the step of providing the first outcome to the player includes providing the first outcome when either winning symbol combination occurs in at least one symbol position on a plurality of paylines associated with the reels.

Claim 27 (original): The method of Claim 23, which includes the step of determining the winning symbol combinations by performing at least one of: a random determination, a pre-determination and a determination based on a wager made by the player.

Claim 28 (original): The method of Claim 23, which includes the step of providing at least one bonus outcome to the player when a winning symbol combination including at least one bonus symbol occurs on the reels.

Claim 29 (original): The method of Claim 28, wherein the bonus outcome includes at least one modifier.

Claim 30 (original): The method of Claim 29, wherein the modifier includes a multiplier.

Claim 31 (original): The method of Claim 23, wherein the steps (a) to (c) are provided to the player through a data network.

Claim 32 (original): The method of Claim 31, wherein the data network is an internet.
